

EXCITING OPPORTUNITY

Over the past 100 years, AIC Kijabe Hospital continues to provide **compassionate** and **quality** health care services. Anchored on the vision to “Be a God – glorifying and transformative leader in the provision of excellent healthcare and education in Africa, we recognize that a team of people with great **character**, **compassion** and excellent **skills** are our most valuable resource to our Patient care. To strengthen our team, we are seeking to fill the following position:

PAEDIATRIC INTENSIVIST CONSULTANT

Reporting to the **HEAD OF PAEDIATRICS**.

Purpose: To glorify God by offering specialized paediatric and intensive health care by carrying out investigations and procedures necessary to establish a diagnosis, make recommendations, and provide holistic treatment and management to sick children.

Job Duties and Responsibilities

- Work alongside relevant staff to meet operational and medical care requirements of paediatric and PICU patients
- Ensure the proper input of treatments, payments and paediatric inpatient data into HMIS and help maintain the paediatric department database of outcomes
- Participate in outpatient clinic work as needed to maintain continuity of care for complex patients from inpatient to outpatient
- Coordinate the provision of paediatric care services for admitted patients, including providing consults to other consultants covering other wards
- Conduct reviews of inpatient files for purposes of quality assurance on various aspects including quality of care and documentation
- Coordinate continuous quality improvement programs to improve intensive paediatric care
- Participate in inpatient call with the paediatric team call rotation, shared equally amongst the consultants
- Be available for mass casualty situations and other paediatric needs from the Casualty department
- Provide training and teaching opportunities to staff within the Paediatric Department
- Provide teaching and training to interns and other learners within the hospital, including residents, students, and interns (both bedside and formal)

Applicants Qualifications, Experience, Competencies and Attributes

- Bachelors Degree in Medicine and Masters in Pediatrics and Child Health, or equivalent
- Fellowship training in Pediatric Intensive Care or Pediatric Emergency Medicine
- A minimum of five (5) years' medical work experience
